Loomis Sverige AB receives renewed authorisation to operate cash transport

Loomis' Swedish subsidiary has been awarded, by the Stockholm County Administrative Board, renewed authorisation to operate cash transport.

During the last two years, Loomis Sverige AB, in consultation with the authorities concerned, has worked actively in improving its training and routines. The weaknesses behind the County Administrative Board's decision to withdraw the authorisation during the autumn of 2007 have now been addressed.

Loomis offers safe and effective solutions for the distribution, handling and recycling of cash for banks, retailers and other commercial companies via an international network consisting of more than 370 centres of operation in 12 European countries and in the US. **Loomis** has 20,000 employees and a turnover of 12 billion Swedish kronor. **Loomis** is a mid-cap listed company on NASDAQ OMX Stockholm.
