Rejlers wins a new contract from Banverket

(REJL B)

Swedish National rail authority Banverket has awarded Rejlers (Rejlerkoncernen AB) to carry out tender documents and detailed design for the new section of Ådalsbanan between Härnösand and Veda. The detailed design works comprise track alignment, catenary and electrical systems, telecom and signalling system as well as cable ducts. The new line will be 21 km long and will have a number of long tunnels.

The order value for Rejlers is SEK 8.9 million. The assignment will be finished by the summer 2008.
